LANDSCAPE STRUCTURES

Amazing Outdoor Elegance

gazebos

800-478-0905

An Amish-crafted gazebo from American Landscape Structures adds a unique accent to any outdoor setting. Whether it's a backyard, public park, or an apartment complex, a gazebo will add both beauty and function to your outdoor living area. Gazebos are gathering places for an intimate chat, a family dinner, or public concerts. They're a great place to sit and enjoy the fresh air, create a romantic hideaway, relax and fellowship or to get away and enjoy a cup of coffee with a book or your morning paper.

Gazebos are placed overlooking scenic vistas, nestled in a cozy wooded area, or next to a swimming pool with 360 degree views. More than a means to protect you from the elements, a gazebo makes a very unique statement. What sets a gazebo apart most from other outdoor living structures is the way the railings and braces are configured.

All across the country, property owners are turning their outdoor spaces into luxurious, tranquil retreats. They come in an infinite combination of shapes, sizes and options (which is why you don't see prices in our catalog). Your gazebo will be made to order to your specifications with the help of your design consultant. We have illustrated assembly instructions if you purchase your gazebo as a kit or if you're within range of the factory, we can arrange to have an expert crew assemble it for you onsite.

- 14' Vinyl Octagon
- Double Roof Style
- Dual Brown Shingles
- Higher Pitched Roof
- Decorative Braces
- Decorative Railings
- Custom Cupola

VINYL GAZEBO CONSTRUCTION

American Landscape Structures uses hi-grade vinyl that is guaranteed for as long as you own your home not to crack, yellow or peel. We automatically stain the tongue and groove ceiling your choice of six colors. A floor is included unless you ask for no floor. We neatly and precisely miter the trim for superior appearance and durability.

ABOUT US

COMMITTED TO MORE OUTDOOR FUN

OUTDOOR FUN LASTS LONGER WITH A LANDSCAPE STRUCTURE As a kid, I remember how much we loved to be outside. Growing up in Virginia, as soon as it warmed up, we ditched our sneakers for bare feet. We didn't have much and were happy to have a simple charcoal grill for hamburgers and hotdogs. I also have wonderful memories visiting my grandparents' cottage on the water in Fair Haven, New York where we spent all day together outside. Today my family spends time outdoors enjoying our beautiful vinyl pergola and canopy, grilling out and relaxing poolside.

OPPORTUNITY KNOCKS A few years ago I was very excited to find out that gazebo, pavilion and pergola kits were available. I ordered one for myself and am incredibly happy with that decision every time we get to enjoy our backyard, rain or shine. I was inspired to share these gazebo, pavilion and pergola kits so that everyone could know the same happiness. They have become so popular that each Spring we have a tough time squeezing everyone's projects in for Memorial Day and July 4th.

AMAZING ENJOYMENT We opted for a pergola with a retractable canopy for our patio. When we're out there grilling or just hanging out, it feels like we're cheating mother nature. I can just grill away with my sweetie pie right there next to me. We can enjoy our food even though it's pouring rain. On hot South Carolina summer days, it takes the edge off.

SERVICE AND SUPPORT At American Landscape Structures, we are customer service fanatics. Our responsiveness is 100% consistent from beginning to end. Whether you're calling to initially discuss your project or need help with a warranty repair, call or email us and you'll get a rapid response without annoying telephone prompts.

QUALITY AND CHOICE American Landscape Structures has a wide selection of designs and structure types for a large variety of styles and budgets. What's more is that our people have the subject matter expertise you would expect when making an investment of this size. All of the choices can get quite overwhelming. Allow us to guide you and we'll help make the process more manageable and enjoyable.

Thank you for considering us. We look forward to working with you.

Sincerely,

Jim Adams

Gazebos have more available options than pavilions and pergolas. As you flip through the pages, you'll see what we mean. American Landscape Structures offers more options than any other major gazebo provider. Our options will allow you to design a gazebo that is elegant and ornate, or modest and traditional. The list of possibilities will, no doubt, add an impressive visual feature to your outdoor space.

There are two major reasons why people pick gazebos over other landscape structures. The first is style. Gazebos are usually identified as having 8-sides – but 4-sided gazebos are getting more popular. **What is truly distinctive about a gazebo is the railings and braces.** There is more confusion now since big box stores started offering the cloth and metal top structures they call “gazebos.” **If you're looking for a rectangle roof without railings, we call that a pavilion.**

The second biggest distinction is the optional screen system. While we have mosquito curtains available now for pavilions, it's just not the same as having framed screen panels and a real screen door. Having a screened gazebo provides a private, shaded area for outdoor dining, soaking in your hot tub or the simple pleasure of reading a book outdoors without having to worry about rain or bugs.

VINYL

- 18' Vinyl Octagon
- Single Roof Style
- Dual Gray Shingles
- Screen Package
- No Upper Railing
- Double Door

- 10' Vinyl Octagon
- Belle Roof Style
- Forest Green Shingles

- 12' x 16' Vinyl Oval
- Double Roof Style
- Dual Brown Shingles
- Decorative Braces
- Decorative Railings
- Turned Posts

ELECTRIC KIT

The wiring, a dual outlet receptacle and a 3-way switch (so you can operate a fan and a light with separate switches) is mounted to a piece of trim with the wire running inside. The wire gets hidden on top of one of the rafters and runs to the peak. A fan/light is not included.

VINYL

- 12' x 16' Vinyl Oval
- Single Roof Style
- Charcoal Gray Shingles

Let American Landscape Structures make your garden gazebo project a breeze. Our sales and operations team has the focus, experience and know-how to help you navigate through the trickiest parts of the construction process from start to finish.

- 12' x 16' Vinyl Rectangle
- Double Roof Style
- Green Shingles
- EZ Breeze Windows
- Turned Railings and Decorative Braces

- 12' x 14' Vinyl Rectangle
- Single Roof Style
- Special Order Shingles
- No Rails
- Optional Vinyl Ceiling

- 10' x 10' Vinyl Square
- Single Roof Style
- Dual Black Shingles

CUSTOM

▲ Unique to American Landscape Structures, is our Vinyl Cabana. It includes pergola rafters and a counter top. This cabana can also be provided with a patio suitable for placement of hi-top bar chairs.

Standard Vinyl Gazebo Features:

- Limited lifetime warranty wood and vinyl
- 30 year architectural asphalt shingles
- Pressure treated and stained tongue and groove ceiling
- 4" posts up to 14' and 5" posts on 16' and above octagons
- Cupola included as standard
- Captiva composite floor included as standard
- No floor is an option

◀ This customer had one of our pavilions and wanted a customized 5' x 9' vinyl rectangle grill cover with 5" posts and superior post skirts to match. No more holding an umbrella over your grill when afternoon showers roll in. There's nothing quite like cheating nature, by enjoying the outdoors and staying dry with both hands free.

▲ This family located near Buffalo, New York shared with us how much they enjoyed being inside their 12' x 18' vinyl rectangle gazebo while wasps were buzzing around outside during their supper.

◀ Saint Isadore Presbyterian Church in Quakertown, PA has a lot of outdoor events and wanted a place to get away from the bugs. This 12' x 18' vinyl rectangle gazebo was built and assembled in our factory and delivered on the back of special trailer made to deliver sheds and gazebos.

VINYL

Swimming pools are very popular places for all the types of outdoor structures. The adults can get a break from the sun while the kids enjoy their swim-a-thon.

- 10' x 16' Vinyl Rectangle
- Single Roof Style
- Dual Black Shingles
- Screen Package

◀ EZ Breeze vertical 4-track windows provide for 3-season enjoyment of your gazebo. The transparent window material is made of a durable lightweight flexible film. The floor to ceiling windows can be closed, or open $\frac{3}{4}$'s of the way. Contact one of our design consultants to learn more details about this option.

▲ We are very proud to have supplied this beautiful 16' wood cathedral octagon gazebo as a kit to Restoration House in Knoxville, TN which provides housing for single mothers and their children. Notable features are the higher pitched roof and built-in benches.

➤ This adorable Belle roof gazebo is the center piece of this garden don't you think? Curved and Belle roof gazebos come standard with elegant arched braces.

THE PRESSURE TREATED WOOD WE USE

Take a closer look on our website to learn more about the pressure treated wood we use. It's pressure treated southern yellow pine, but not like what you might find in your lumber yard. **You could literally drive hundreds of miles and not find pressure treated lumber this nice.**

- 18' Wood Octagon
- Double/Cathedral Pitch Roof Style
- Cedar Shake Shingles
- EZ Breeze Windows
- Redwood Stain
- Decorative Braces
- Decorative Railings
- 16' Wood Octagon
- Double Roof Style
- Cedar Shake Roof
- Tight Knot Western Red Cedar

▲ This 14' octagon gazebo with cedar shake shingles and a cathedral style roof was built at Caldwell College in Caldwell, NJ.

➤ This stunning double roof, 12' octagon gazebo has a beautiful cedar stain and was built on a paver patio.

Standard Wood Gazebo Kit Features:

- Premium #1 Kiln Dried After Treatment Southern Yellow Pine (Twists and cracks less than wet pressure treated lumber, few knots, takes finish right away.)
- 4" posts up to 14' Octagon - 5" posts on 16' and above
- 30 year architectural asphalt shingles
- 5 ¼ pitch roof
- Cupola included as standard
- Floor included as standard

WOOD

- 16' Wood Octagon
- Double Roof Style
- Cedar Shake Shingles
- Redwood Stain

- 14' Wood Octagon
- Belle Roof Style
- Harvard Slate Shingles
- Screen Package
- Redwood Stain

- 18' Wood Dodecagon
- Double Roof Style
- National Blue Shingles
- White Paint
- Victorian Braces and Railings
- Salisbury Cupola
- Weathervane

We have an excellent team of skilled craftsmen using modern woodworking machinery. Each gazebo is built with precision, then carefully inspected to ensure it passes our high standards of quality.

Located in Lancaster, PA the factory has as many as ten made-to-order structures in production at any one time.

WOOD

- 12' x 16' Wood Oval
- Single Roof Style
- Dual Gray Shingles
- Screen Package
- White Paint

- 10' x 12' Wood Oval
- Single Roof Style
- Dual Gray Shingles
- Composite Floor

If “gazebo” means 8-sided to you, you have your choice between an octagon gazebo with 8 equal sides, or what we call an “oval” that has 6 equal sides and 2 longer sides. As you can see, the opening is typically in the middle of one of the long sides but it doesn't have to be.

- 12' x 14' Wood Oval
- Single Roof Style
- Dual Brown Shingles
- Screen Package
- Cedar Stain

◀ Most kits are sent common carrier. You will be notified of the delivery schedule and will be able plan for your delivery. Depending on the size of your kit, you'll want to have 2 to 4 people available to take apart the pallet and unload the pieces. Contact our design consultant to learn more details about kits and delivery.

WOOD

As you can see, gazebos come in many shapes and sizes. This beautiful rectangle double roof gazebo above is 12' x 24' and was built on site by our factory crew in Acton, MA. As pictured, with optional composite flooring, this gazebo would be in the \$20,000 range (including assembly which was about \$3,000 of that total and including the seasonal discount). Ask your design consultant about availability of on site assembly and mileage cost in your area.

- 12' x 24' Wood Rectangle Gazebo
 - Cedar Color Stain
 - Double Roof
 - Square Balusters
 - 2" x 4" Horizontal Railing
 - Screen Package With Wood Screen Door
 - Sealed Cedar Shake Roofing
 - Built On Site By Factory Crew
-
- 9' Wood Square
 - Single Roof Style
 - Dual Gray Shingles
 - Screen Package
 - Redwood Stain
 - Biplane Weathervane

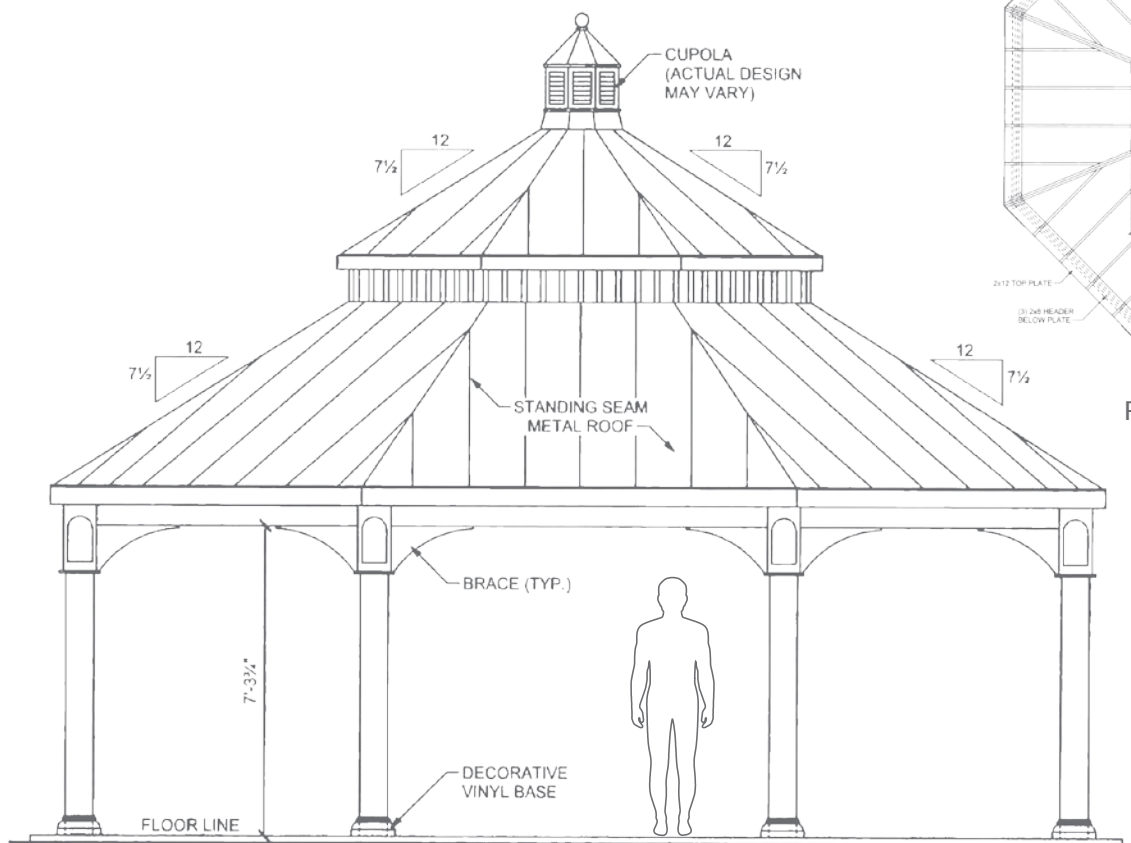

▲ RECTANGLE GAZEBOs are becoming increasingly popular as distinctively styled free-standing screen and sun rooms. This particular gazebo was ordered by artist Floyd Gordon of Orangeburg, South Carolina. This gazebo features a solid door, EZ Breeze Vertical 4-Track windows, and tongue and groove railings. It was constructed on site by a local contractor on a concrete slab.

- 10' x 16' Wood Rectangle
- Single, Dual Black Roof
- White Paint
- Tongue and Groove Knee Walls

FOUNDATION PLAN

▲ This customer in NC told us they wanted a pavilion similar to the one on the bottom of page 24, except without railings and with bigger posts. We worked with the customer and their landscape designer to build this 25' custom vinyl octagon gazebo with 8' square posts that is a hybrid between a pavilion and a gazebo. The roof is a double cathedral musket gray standing seam metal. We started on a Monday morning in October and completed this project by Wednesday. From start to finish this took 3 days to complete.

LARGE

American Landscape Structures is notably competitive on large gazebos. Having pre-set patterns means **we're not reinventing the wheel**. If your plans call for a large gazebo for your property, community or church, we have 8 and 12 sided large gazebos that are easy to assemble. Everything is pre-cut and some components such as railings are pre-assembled. All the tricky compound cuts are figured out and done. All that's left to do assemble it.

- Custom 25' Vinyl Octagon
- Higher Pitched Double Roof
- Dual Gray Shingles
- 6" Posts With Superior Post Skirts

LARGE CUSTOM GAZEBOS...We work with homeowners, municipalities, parks and recreation departments, and businesses. Whether you have a contractor, ARE a contractor, or want to manage the project yourself, we have the ability and experience to collaborate on the design including the engineering.

- 30' Wood Dodecagon
- Double, Dual Gray Roof
- No Floor

- 20' Wood Octagon
- 7 1/2" Over 12" Pitched Roof
- Magenta Red Shingles
- Cedar Stain
